<b>Scope:</b>	<p>Upgrades to existing parks are required to respond to ongoing growth in the community. This program funds improvements of existing park amenities and facilities which are not part of other park capital programs, yet are required to support the increased use as a result of an increasing resident population. This funding allows the City the ability to be responsive to Council direction and appropriate public requests which align with existing strategic plans. These discrete, site-specific park enhancements will address our community's needs for ongoing park improvements to infrastructure, equipment and landscape amenities.</p> <p>Examples of projects that have been funded by the Parks Development DCC program include new community gardens, new off-leash dog areas, walkways and pathways, benches, picnic tables and new drainage systems.</p> <p>For 2020, some of the projects will include:</p> <ul style="list-style-type: none"> <li>▪ construction of pickleball courts at South Arm Park;</li> <li>▪ drinking fountain at the Skatepark on River Road; and</li> <li>▪ upgrade the entrance into London Farm.</li> </ul>
